FOR IMMEDIATE RELEASE

Charleston Boulevard Median Island Enhancements Begin June 22 At Tonopah Drive

Lane Restrictions And Traffic Delays To Continue Three Weeks During Construction

The city of Las Vegas will start work on median island enhancements along Charleston Boulevard at Tonopah Drive beginning Wednesday, June 22. Work hours for the project will be 7 a.m. to 4:30 p.m., Monday–Friday. The work is expected to take three weeks and be complete in mid-July 2016.

While the work is being done, motorists should expect delays and lane restrictions in Charleston Boulevard between Shetland Road and Shadow Lane, and on southbound Rancho Drive at Charleston Boulevard, where one left-turn lane will be restricted. Charleston Boulevard will be reduced to two travel lanes in each direction between Rancho Drive and Westwood Drive during construction.

The project will consist of removing asphalt median, replacing irrigation to existing palm trees, and installation of metal sculptures and decomposed granite in two median islands. Work will enhance two existing islands on Charleston Boulevard at the intersection with Tonopah Drive.

The city of Las Vegas will manage the estimated \$50,000 project, which is financed by the city of Las Vegas fund for Medical District enhancements. TAND Inc. is the contractor.
